July 2014

FROM THE PREZ

We had nice picnic again this year with a good turnout, great weather and an entertaining airshow to boot. Many thanks to everyone who helped out and provided the flying for all to enjoy.

Important: The AMA has issued an alert on the FAA proposed rules changes and they are requesting that all members submit comments to the government on this issue. This came out in an email on 6/27/14. For those that haven't seen it you can get the info at the AMA website here: <http://www.modelaircraft.org/aboutama/gov.aspx> I think it's important that we all follow up on this. For those without internet access the comments can be mailed in. Call me if you need more info. This is an excerpt from the AMA statement:

"We need you to take action now and respond by July 25, 2014 to the FAA Interpretation of the Special Rule for Model Aircraft that was released June 23, 2014. The Academy has reviewed the rule and is extremely disappointed and troubled by the approach the FAA has chosen to take in regards to this issue."

Thanks, as always Fly Safe!
