### From the Prez

It's flying season again! The road and the field are in good shape. The road has been graded and the bridge over the brook has been refurbished. It's a dirt road so it's still a bit bumpy in spots, but it's much better than it was. Take it slow and don't forget to stop at the Tracks. All members are required to have an FAA ID number on their aircraft now, so be sure to take care of that before coming out to the field. Go to the AMA website if you need more info on this. All aircraft flying at the field need to have this number on the aircraft. Thanks.

Hope to see you at the meeting,  
Bill

Attached is a new renewal form with added space for the FAA ID number. Please use if you haven't paid you dues yet. The old form is acceptable for those members that have paid their dues.
