Just want to let everybody know that the field is in great shape. Come down and fly during the week or weekends. Bring a plane to fly before or after the meeting on Wednesday

Fall Picnic

There was discussion at the last meeting to postpone the picnic to late summer or fall to avoid the hot weather. Also, there was discussion as to whether we should have a picnic at all due to the poor attendance at last year's picnic. Mark asked for a survey of all members to determine their preference.

Please respond to this message with your preference. If not planning on attending the meeting, a decision will be determined by tabulating the responses and member voting. **No response will indicate that a picnic is not desired.**
