Meeting Notice

Mark Henrie received the following message from Merilyn Stevens (Bonnieventure Farms) and asked for a meeting to be scheduled on October 17 at **6:00** to discuss it with the members.

“In May the APR (Agriculture Preservation Restriction) inspector reviewed our land.

Yesterday, we met with the steward and he advised us that we needed the fill out a special permit for non-agricultural use for the PVRCC. At this time, we do not know how this will play out. As soon as we are told by APR if the special permit is approved, we will let you know.
